**Declaration of Conformity to  
European Union Directives:  
2011/65/EU – RoHS2 and 2015/863**

Restriction of Hazardous Substances Directive (RoHS) has banned the release on the EU market of new electrical and electronic equipment containing more than the allowed levels of lead (Pb), cadmium (Cd), mercury (Hg), hexavalent chromium (Cr VI), polybrominated biphenyl (PBB), polybrominated diphenyl ether (PBDE), Bis (2-Ethylhexyl) phthalate (DEHP), Benzyl butyl phthalate (BBP), Dibutyl phthalate (DBP), and Diisobutyl phthalate (DIBP).

This self-declaration covers the compliance of Hydraulics, Inc. products materials to the material composition limits of the restricted substances. All materials used in our swivels and couplings contain less than the maximum limits allowed in accordance with Annex 6(a). Hydraulics, Inc. phased in trivalent chromate plating, beginning in 2016 in order to stay compliant with the European Union (RoHS) restrictions on the use of certain substances as listed above. The substance of concern is hexavalent chrome used in zinc plating. Hydraulics, Inc. has converted all parts plated with electrodeposited zinc chromate from hexavalent chromate (Cr +6) to trivalent chromate (Cr +3).
